Registration is required followed by an interview with the facilitator for an opportunity to get to know each other and ask questions.

Space is limited. Those who are most interested and are best suited for the program will be prioritized. This is a closed group and new participants will not be able to join after the group begins. Facilitator will notify successful applicants of availability and dates of next session.

Grow

Empower

Getting Ahead is a “kitchen table” approach where participants are investigators who lead the learning process. The facilitators do not make directions or problem solve. They simply encourage and support the individuals within the group in their process and work.
